

JOB DESCRIPTION

Title:	Micropropagation Laboratory Technician	Department:	Plantlet Production
Reports to:	Micropropagation Laboratory Supervisor	Date:	06/2020
Position ID#:		Status:	Full Time / Exempt

POSITION SUMMARY

GreenVenus, LLC is focused on accelerating innovation in agriculture with proprietary products and platforms enabling sustainable food production for a growing population. With next generation Botticelli™ plant propagation, PrimaVera™ precision genetics and speed breeding, and technologies for hybridization of crops, GreenVenus seeks to improve the quality of food for consumers while preserving valuable natural resources.

We are seeking a highly motivated, Research Technician with strong Lab and organizational skills to join GreenVenus, LLC's Botticelli™ laboratory located at Wimauma, Florida. The Micropropagation Lab Technician works under the supervision of the Micropropagation Production Supervisor and is responsible for the precise execution of different high through-put plantlet production protocol.

Reports to: Micropropagation Laboratory Supervisor
Supervisory: None

ESSENTIAL DUTIES AND RESPONSIBILITIES

- Follow laboratory procedures in strict compliance with approved protocols.
- Meet throughput production metrics for the quantity and quality of the plantlets.
- Preparation of a variety of high-quality plant tissue culture and microbiological media under time constraints.
- Maintain a clean, orderly, and safe lab space.
- Other duties as assigned.
- Reliable and dependable attendance is an essential function of the position.

EDUCATION

- High school diploma or higher preferred.
- Experience with sterile/aseptic techniques or in plant tissue culture or in laboratory settings preferred.
- Experience in Horticulture, Microbiology, quality control, Plant Biology, Cell Biology or related field with 1-3 yrs. Experience is ideal

DESIRED KEY COMPETENCIES

- Must be able to perform repetitive tasks with both hands with manual dexterity
- Highly independent, proactive and self-motivated
- Strong attention to detail and record keeping skills with ability to work under strict timelines
- Ability to work 40 hours/week on a regular schedule (8 hours/day)
- Ability to work overtime as required (including weekends and holidays)

WORK ENVIRONMENT
